Dear friends:

Saint Francis of Assisi once said, "For it is in giving that we receive." Indeed, those who are inspired to support Mount Nittany Health Foundation can take comfort, knowing that their generosity will touch countless lives — including those of our own family, friends, and neighbors — by bringing new technologies, programs, and services to our community.

This last year, for example, we were fortunate to introduce tomosynthesis, also known as 3D digital mammography, to our community. Patients benefit from early detection of breast cancer, thanks to the addition of three tomosynthesis units at Mount Nittany Health's Breast Care Center, courtesy of the estate of George "Allen" Blakeslee, in honor of his wife, Shirley, who passed away from the disease. With support from the 68th Annual Mount Nittany Medical Center Charity Ball and the Pink Ribbon Golf Classic, we are proud to offer this state-of-the-art lifesaving technology to our community.

In 2015, we also launched our lung nodule program, which is dedicated to saving lives through the early detection of lung cancer. This addition was made possible by a generous gift from two of our key supporters, the late Lloyd and Dorothy Huck, whose passion for helping others and giving natures led to the development of the lifesaving program and education.

And just last summer, we cut the ribbon on our new Healing Garden at Mount Nittany Medical Center, a feature made possible by community support and a generous lead gift from Nancy and Dick Dixon, and 2 estate gifts from H. Karl and F. Joan Spackman Barnett and Dr. L. Raymond and Marjorie C. Parks. From its lush evergreens and blooming perennials to its leaf-shaped walkways and soothing water features, the Healing Garden truly provides a calming, therapeutic environment for patients, families, and employees.

We look forward to bringing additional amenities, innovative technologies, and more lifesaving programs to those we are so honored to serve. While some of our planned improvements may not be as visible as those mentioned above (such as renovations to our cardiac catheterization lab and enhancements to other programs and services), every and any act of philanthropy for Mount Nittany Health leaves a lasting and meaningful impression.

Last, but certainly not least, we extend a heartfelt thank you for all of the ways you support Mount Nittany Health and, in turn, the health and well-being of your community. It is truly a blessing we are all grateful to receive.

Sincerely,

Steve B

Steven E. Brown, FACHE

Memorial information and donors below \$500 may be viewed on our website at foundation.mountnittany.org.

We realize that there are donors who have passed away during our giving cycle but we are committed to recognizing all contributors to our fundraising year.

GIVING

Gifts of all sizes help Mount Nittany Health Foundation support the mission of Mount Nittany Health. Each and every tax-deductible gift is deeply appreciated and instrumental in assisting and encouraging our health system as we advance.
