

Dear Friends,

Please join us for the 28th Annual Mount Nittany Health Golf Classic on Saturday, August 11, 2018, at the Penn State Blue & White Golf Courses. The four-person scramble welcomes golfers of all skill levels and begins with an 11:00 am shotgun start.

Enjoy a round of golf on a championship course, on-course food and beverages, lunch, a post-play reception, dinner and awards ceremony provided by Curtze Food Service, and lots of fun. Each golfer will receive a commemorative gift and the chance to win \$12,000 or a new Chevrolet Spark! (One guaranteed winner will be chosen!)

Proceeds from this year's Golf Classic will support the construction of a new state-of-the-art cardiovascular pavilion at Mount Nittany Health, slated to open summer 2019. Located above the emergency department at Mount Nittany Medical Center, the new cardiovascular pavilion will expand to two cardiac labs to provide timely intervention, diagnosis and treatment of a variety of cardiovascular conditions, as well as electrophysiology and other cardiology services. Our continued goal is to meet the needs of our community and to make people healthier. This project is truly lifesaving medicine.

Mount Nittany Health opened Centre County's first and only cardiac catheterization lab in 2000. In 2007, we added interventional services and stents to ensure that we could save lives locally. Since that time, we have responded to more than 745 alerts, and currently serve more than 1,600 people every year, treating conditions ranging from heart attached to heart failure. Mount Nittany Medical Center is one of only 50 hospitals in the country accredited by the Accreditation for Cardiovascular Excellence (ACE) organization, meeting the gold standard in cardiac catheterization in care.

The program has experienced continuous growth in procedure volumes. This project will allow the Mount Nittany Health to be better prepared for continued growth of these services, as well as keep patients locally for heart care.

We look forward to seeing you on the links.
